Instead of knowing ourselves, be divine to apprehend our main purpose of our transit here on earth, mankind has been deceived and programmed to the materialistic world. This has cunningly stolen our unconditional love

as well as our innocence. This has let mankind lose the path to divinity.

It is difficult to detect their ways and their plot against you. You at last discover their evil acts against you when you are trapped with agonies and miseries. “A stitch in time saves none,” as the wise men say. It is all prayers that you need to guide and to protect yourself against these evil devices. No one can do that perfectly for you.

Human beings are like running gutters brought forth by a severe rainfall. Sooner or later, they disappear without the traces of their existence. Do not lean on someone to bail you out of the misery and agony invested in your life by the negativity. He may not be there for you tomorrow when the hard times nail you against the wall. Just speak to he who created your soul and breathed into you that brought you into existence as a perfect and

authentic human being. Put your trust in him. He is ready to listen to you. Just step on the ghost of fears and doubts. Open a dialogue and direct communication with our great father of all and he is ready to listen. The key to your own happiness is in your hands. It is your birth's right. It is not something that is missing or to look for. But, through inconsistency and fears, we sell our free will to negativity to be manipulated.

Again, these prayers of survival are meant to redeem you out of your bondage. Just let it be your guide, consult it in your daily activities before making any step. Definitely, the heavens will come to your rescue and the living hell in which you have been enslaved would be turned into a great adventure and an absolute paradise.

You must simply admit that, no matter how the dark clouds cover the sky, in the end, the clouds disappear and the sky stays unmovable. Just have trust in yourself and give the ultimate trust to the Master of Creation.

Live from one moment to another, which is the present Now. You cannot visit the past. And neither can you visit the future. Maintain silence and leave everything in a remote control. What we should know and understand is that, in "Silence," you are facing or confronting God. Nature itself is silence. Consult yourself in silence and communicate to the Supreme Being without doubts.

It is in silence that all answers to the multiple problems invested in our lives by the spirit of darkness are derived for solution. Just know yourself, be by thyself and be

divine. All your daily word to be addressed to the invincible world must be, “Thank You” my Creator.

Always give thanks and praises to the most high God and let prayers in silence be your guide, shield and armour. This will enable you stay like the unmovable sky above us, no matter whatever deadly the storm and the dark clouds.

And may Creation, Existence, God of Creation, Jehovah of Armies, The Lord God Adonai, The Components of Creation and every power with integrity, great inner light, unconditional Love and the true identity from the Master of the Creation, all in combination as a Unique Foundation Pillar of Existence, bless every single person who has access to this inspiration Prayer Book, The prayers of Survival, who without any doubts holds it in a higher esteem as a Spiritual guide.

INTRODUCTION

The devil is a legend. He uses little triple tricks to mislead and enslave mankind. The devil works unceasingly around the clock. Its major preoccupation is to steal our grace and glory to make us vulnerable.

He frequently knocks at our closet door to our natural temple. He changes characters and modus which suit our hearts desires. He penetrates into our closet through our interest. Whilst driving a negative force through the front door, another negative force enters through the window with an angelic character. He seduces us by our interest. The only combatant force to its modus operandi is prayers.

No one can transform your life from the living hell in which you are living. Rather, the key of your transformation to the paradise is in your own hands. You are created authentic and unique. The Great father of all knows each and every one of his children's voice. He is a loving father who is ready to hear our calls. It is a matter of dispersing the dark clouds of fears and doubts intrigued in you by the man-made ideas and false imaginations.

If someone feeds you every day, you become a "rubber stamp." It is a curse to rely on a fellow human being. It is tantamount to dishonoring and limiting the authentic natural 'Being' and the divinity within you. Mankind is endowed with limitless powers. It is a matter of living courageously to step on the ghost of fear. Because of fears, things that mankind should control, in contrast, are rather controlling mankind. All is due to following

people's footsteps and relying on a fellow human being to bail us from our vulnerabilities by negativity. Relying on someone to bail you is like a blind man leading a blind man. You do not need a blind man to define God to you. God, our Great Father is the most gracious and the merciful one. His arms are widely opened to receive his beloved children at any moment. Your own approach of knowing him is the only truth.

This Prayer book will be of much help for your personal growth in divinity. There is no sin against Mother Nature when you communicate directly to the most gracious and the merciful one; the great power behind all creations.

He is a loving father who never closes his door behind his children. He is the only Supreme Being who needs to be worshiped. And he is the only one who gives grace and glory to mankind.

May his truth upon which Creation is built reign Supreme to liberate us from the dictates of the enemy forces. May His entire Creation bless his holy and mighty name forever and ever.

Amen-Amen.Amen.

Peace and love.

SPECIAL PRAYER FOR DAILY ACTIVITIES

The Great God of Creation, the most gracious and the merciful one. The Ultimate Source of the Power of Creation, the most Powerful and the most fearful, Peace and Glory be unto your mighty name for ever Amen-Amen.Amen.

Father, I thank you for creating life for us and sustaining us in peace and harmony; and as well as creating me to add to the numerous populations in the world. I know, you created me for a purpose, with a mission to fulfill Thy will to enable me reach my noblest destiny. But the enemy forces are always at work.

They are full of evil-mindedness. Their major pre-occupation is to capture my grace and glory to make me vulnerable in the sight of my fellow human-beings, handicap in every aspect of my life. Just to humiliate and to make me helpless and hopeless. They enjoy, seeing me being afflicted in pains and suffering.

Great Father, these are not ordinary human beings, nor ordinary evil spirits. They are the principalities of the darkness. Kings and Queens that even, if I could see them with my naked eyes, I cannot battle with them. I entrust this spiritual warfare into your mighty hands; oh Amen-Amen.

Once, I am a human being, due to lust of flesh with choices and the Ego's manipulations, I always have my short comings. I admit that, I am a sinner and pleading for the forgiveness of my sins.

Oh the Great God of Creation, kindly surround both my inner and the outer being with your great light and shining glory.

Give me the power of the Divine Fire. Guide my steps and every decision that I make not to go contrary to your Natural Laws. Let me stay permanently in your great light to enable me to operate both efficiently and effectively in my daily activities.

Oh the Great Amen-Amen, without you, I am absolutely nothing. Thank You my Creator.

Amen-Amen. Amen

SHARING LOVE WITH HUMANITY

I stand in the secret shadow of the Supreme Divine Power of Love, with best wishes of peace and love to all love ones, the human race including my secret enemies. Oh, the mighty Power of Love, change the heart of my enemies from hatred to love.

Transform their inner world to be at peace with themselves to enable them share the sweet language of love with others. Not just from their lips as they constantly do. Rather truthful words of love to others from their heart for their own benefit.

Oh the mighty power of the Divine Love, encompass both my outer and the inner world with unconditional Love. Let me express myself with the language of Love to be accepted by the society with charisma and love throughout my daily activities.

Amen- Amen. Amen.

PS;The Law of Nature (The Karma)

Whatever you send away bounces back a million fold.

If you send Peace and Love to others, you will receive peace and love in abundance.

If you send away evil, it will bounce back a million folds as well.

This is individual's choice of free will. Either you send peace and love to humanity or send hatred and evil to enjoy the benefit of it.

What you sow is what you reap.

Peace and love.

THE PRAYER FOR DELIVERANCE FROM THE “KARMA’S” CAUSE AND EFFECT

Oh, the Great God of Creation, you are wonderful. The excellence of your mighty handiworks tells much of your Greatness. I thank you for creating me as a human being to experience your physical creation, as well as to be your representative on the Earth.

Oh the Great Father, I made a promise before my arrival on this earth that, I will help preserve and transform your wonderful creation for the benefit of mankind. In collaboration with the mighty forces who possess unconditional love and the true identity from you the master of creation, to assist and to cooperate with innocent souls to help heal the world. But, the enemy forces have turned the excellent beautiful paradise, the Earth into a living hell.

In this situation, many of your children sent to this physical world failed to fulfill their Divine missions and the promises made to you the Great Father of all. They failed totally with regards to their divine missions and promises. Many have been repeated several times, but through the chains of negativity and likewise the family bonds and its tribulations, they were conquered by the world of darkness.

Presently, my life is full of agonies and miseries, thanks to the enemy forces. I have been held in bondage by the negative forces. I have been dehumanized. My days are filled with tears of sorrows and grievances. All my effort, fighting to free myself from these chains of darkness resulted nothing, but additional high walls by darkness without any possible exit.

The Great God of wonders, you created me for a purpose and with grace and glory. The Great Amen-Amen, You are the Ultimate Source of Power, that none can withstand you in

your defense of your children. A metal can't free itself from being attached to a powerful magnet. It is only an outside intervention that can liberate it. For this reason, it is only you the Amen-Amen that, I can count on in my distress for my rescue. Deliver me instantly from the enemy forces.

The Great One, ever Merciful and the most Gracious father, I am pleading with you that, peradventure, my agonies and miseries are the attribute and the hang-overs of my past life which is "Karma bounce," or the inappropriate misusing of my own free will, Father, the Great God of Creation, kindly forgive me my sins and my irresponsible behaviour towards Creations. Cleanse me from all impurities and release me from the chains of darkness.

Help restore my grace and glory destroyed by negativity. Insert in me a great inner light and unconditional love. Grant me the Love of God to enable me to have a direct communication with you the Creator of my Soul. Help me to be divine and to know myself.

Henceforth, help guide and lead me in every step and decision that I make to prove my innocence, not to go contrary to your natural laws. And I do not want to be a failure with regards to my divine mission on earth.

Oh, the Great Amen-Amen, kindly transform my inner world to suit the real nature of your Creative power. This will enable me to embrace the power of Death with celebration when my work is over here on earth. And I have to fly away home in the bosom of our great friend Death. Help me, oh Amen-Amen, to be a conqueror in all the strange wars waged against me by the enemy forces.

Let me be victorious, be divine and to leave my shadow behind as a great light in the Divine temples of the future generations. Let me live with my true identity and my innocent, in order to present to you back the innocent given to me for accountability before you at your great judgment seat, The Supreme and the Powerful Divine Monarch.

Oh, the most fearful and powerful Supreme Being behind all Existence, the Amen-Amen, in you I trust. Have pity and mercy on my children, future generations and myself. Grant us peaceful passages through death at the old age satisfied with good health. Pour your showers of blessings into our Souls and open the flood gates for us to benefit immensely from your mysterious handiwork.

Kindly grant this my humble request and let it be written in the secret womb of Mother Nature. Let the firmament bear witness to that. Let the Heaven and Earth decree it and make it operational, now and forever. Thank You my Creator.

Amen-Amen. Amen
